

## Mini Bouquet Corrections

Thanks to your keen eyes there were a few errors found in the mini bouquet book.

1. Page 2 Floss Key
  - Weeks Dyes Worth Grits = DMC #**3866** instead of 9866
2. The charts on Page 5-7 (If you do not plan on using the super small charts please ignore.)
  - These were the original charts from when the pattern was released. When we made the book, we combined some of the colors and therefore this page has a few errors. However, because of the size of this chart (I find it hard to read) we right away made larger images of the chart for you to use and those are correct.
    - You can see the CORRECT charts on pages 8-13 where there is a close up of each row border.
  - Here are the 3 symbols that need to be corrected on pages 5-7.
    - The “p” should be “μ” (Lily Pad, DMC 936)
    - The “↓” should be “Y” (Yukon Gold, DMC 3822)
    - The “-“ should be “+” (Collards, DMC 520/3051)
3. On page 12 and 15 there is a “Y” symbol in the border that needs to be removed, there is no colour here.
4. On each monthly chart we did not put at DMC conversion, please refer to the chart at the beginning of the book for the conversion.

### 5. Mini Tulip #3 Corrected Floss Chart (Yukon Gold Added)

|                    |                     |
